Ethical Responsibility

Adults and older youth who are in leadership roles are in a position of stewardship and play a key role in fostering spiritual development of both individuals and the community. It is, therefore, especially important that those in leadership positions be committed to providing care and support that will enable youth to develop a positive sense of self and a spirit of independence and responsibility. The relationship between young people and their leaders must be one of mutual respect. A healthy identity as a sexual being is an important area of growth. It is critical that leaders not engage in sexual, seductive or erotic behavior with youth. Neither shall they sexually harass or engage in behavior with youth that constitutes verbal, emotional or physical abuse. By signing this, I am agreeing to conduct myself in accordance with this code. I understand that appropriate actions will be taken if this code is violated.
